Handled With	Cattle were very good to handle in the yards, the odd small one turned around in race but moved through yards well Bikes , Dogs		
Assessor Comments	A good quality draft of one mark heifers that are on the soon fresh feed as the weather warms up. These heifers would normally be retained and grown out to join or finish on grass but extra cow numbers means these will be let go. Ideal cattle to be grown out and fattened or joined. Approximately 5 heifers with slight blue eye, but is not considered detrimental. Several heifers with white bellies.
