	Well educated heifers that were very easy to handle in yards & paddock. Handled with dogs & motorbike. One heifer that I described as Slightly Stirry became unsettled on the scales & took some time in the mob to settle down. After assessment in the holding paddock taking photos she had settled & was comfortable in the mob.					
Handled With	Bikes , Dogs , On foot , Vehicles					
Assessor Comments	Phil & Gwen Lavis offer 19 one mark Angus Heifers. These heifers display frame & stretch, and present in true store condition. Dunoon and Fernhill Angus blood. Great opportunity to purchase a very even line of weaned heifers that given the right opportunity will perform very well. Ideal heifers to grow out & join or fatten for the trade market. Note: Approx 3 heifers with old pink eye scaring (blue eye) in one eye only & 1 heifer noted with minimal ringworm markings around face area only, not considered detrimental.
