Assessor Comments
 A Nice line of bucket rared calves that were purchased from the Kyabram Valley, and present to be healthy and well repounded to weaning. Very quiet to handle. Have seen the worst of the Central Victorian winter and given a bit of warmer weather and feed will grow out into greater weights. In a very buoyant cattle market and a promising season, great opportunity to purchase price point cattle. Note - two with very slight pink eye scarring, not detrimental. still have vision in said eyes.
