Assessor Comments	A very good quality line of Limo & Limo x weaner steers consisting of 13 apricots & 4 blacks 1 gray. Cattle have great shape with a tight weigh range selected weighing from 300 - 400kg to average 344kgs at assessment. Steers had been treated with Cydectin and their Booster of 5in1 early August with a dose of Coopers Easydose late August. Steers show early stages of ring worm appearing around eyes. A great opportunity to purchase euro steers coming into a fantastic spring which will be ideal to grow out.
