Assessor Comments	Restockers here's a great opportunity to secure a line of Droughtmaster Droughtmaster cross heifers joined to two very good styles of Fertile Rosevale Santa Gertrudis bulls. All Vet tested 4-6 months in calf. Tidy around the head with a big percentage of polls. These heifers are a neat load of feminine young well handled heifers that I'm sure will go onto grow out to very productive breeders. They assessed neatly with no eye, leg or hip issues. Buyers note this vendor has another deck of the same heifers in same sale preg tested 2-4 months.
