Assessor Comments	Outstanding line of EU Accredited 2 Year Old Angus Heifers, which have been joined to leading sires from Booroomooka Angus Stud. Bulls are selected for high growth, moderate mature cow weight, high IMF, high EMA, average to low birth weight, calving ease bulls, showing plenty of carcass and performance. Heifers have only been joined for a 6 week period to start calving from 10th March 2022. Proper front paddock cattle from arguably one of the best herds in the Walcha district. 7 head with very slight old blue eye scaring and 2 head with old cloudy blue eye. 2 Head noted with white birthmarks, one on the nose and the other on the rump. With the current strength of the cattle market and the need to rebuild the herd, here is a great opportunity to purchase top quality breeders with a great performance reputation as breeders and feeders. Highly recommended. The vendor has a total of 260 Head in this sale.
