Temperament

Yards	Crush	Paddock
Quiet: 1 head	Quiet: 1 head	Quiet: 7 head
Slightly Stirry: 5 head	Slightly Stirry: 5 head	
Stirry: 1 head	Stirry: 1 head	

These heifers are exceptionally quiet in the paddock but they are not used to pressure in yards. They are not aggressive but their flight zone needs to be respected. They did become agitated in the crush but had been in the yards the day before so were a little upset.

Handled With

Bikes , Dogs , Low Stress Stock Handling© practices (TBA) , On foot , Vehicles

Assessor Comments

These heifers have been drafted on colour and type. These showed more Bos Indicus blood than the other red heifers that are in this sale. These heifers have been handled with low stress management practices and have responded well. They have been preg tested and are all in-calf to proven Angus heifer bulls. The heifers handled well in the race considering they had been preg-tested the day before but they do need to be given some room.
