Assessor Comments	A very good line of top quality Black Angus x Charolais heifers P.T.I.C to Black Angus bulls. These heifers weighed from
-------------------	--

427kg to a top of 574kg to average a curfew weight of 469kg. They have a very quite temperament and we're very easy to handle in the yards. Originally bred out at Coonamble these heifers were purchased in July from the Dixon family. They are out of an all black Angus cow herd based on Temania and Knowla Angus bloodlines by the Rosedale Charolais bulls. They are in calf to the black Angus bulls with the bulls going in on the 18/3/21 & out on the 20/5/21. They were last drenched in July with Cydectin. A very good line of future breeders that come highly recommended.
