I don't believe their behavior is to be concerned about at all as an experienced handler will have no difficulty what so ever. Assessor Comments	Colin & Chris Gordon of Lima South are offering a nice line of Angus/Hereford Heifers with Wagyu infused calves at foot. These heifers were purchased as two separate lots as un-joined females from two astute breeders and then retained to enter the Wagyu based program. These calves are sired by a well renowned Peppermill Grove Full Blood Wagyu Bull which has the elite breeding of World K's Michifuku through their genetic makeup. Please see attached pedigree and take note of the +1.7 Marble score which will most definitely enhance the desirability from professional feedlotters. Please be aware calves have not been marked nor vaccinated but most definitely can be for buyers convenience. No faults or issues were noticed during assessment.
