Assessor Comments	This article of vendor bred females originating from a high quality angus herd present a wonderful opportunity for anyone from the most astute angus breeder to the new beginner wanting to start their angus herd. Ranging from 2 year old to 4 year old these cows have so much life ahead of them. Showing great maternal characteristics and are doing a fantastic job of their calves. Calves are out of homebred bulls by Baldrige BeastMode and Esselmont Lotto out of Welcome Swallow and Muraby angus cows. Cows have not been re-joined so are ready to meet the bull of your choice. With the vendor taking great pride and care in genetics these cows tick all the boxes. Note two cows showing a flick of white on udder. Note two cows with a longer toe, see photos and videos for contentment.
