Assessor Comments	Offering 37 Angus cows and calves with cows presenting in a very heavy prime condition with fantastic frame , length and depth. Cows are 'Table Top' and 'Scott's' Angus bloodlines with calves sires being both 'Alpine' and 'Table Top' Angus bulls. 37 calves present very fresh and healthy with great shape averaging 120kg. All 37 cows were mouthed at assessment to find majority of cows are either worn or have no teeth left , although being on softer feed they are in fantastic condition and doing a great job of their calves at foot. A perfect opportunity to secure a very heavy line of cows with sappy calves to split and trade in the near future.
