Assessor Comments	4x4 NSM Heifers and Calves. The Heifers are September/October 2019 drop, and sired by Perry River Polled Hereford blood bull. They have got October drop calves at foot that are sired by South Kolora blood Polled Hereford bull. These heifers and calves are quality outfits that have been competing with ewes and lambs while running in steep hill country in South Gippsland. The vendor has only selected to use top genetics in his breeding operation. The temperament of these cattle are a credit to the vendor, they are well educated and have been running behind a single wire electric fence. This is a regretful sale and are only being sold due to the loss of a lease paddock. There is also another 5 X 5 cows and calves being offered in the same sale from the same property.
