Assessor Comments	5 x 5 NSM Cows and Calves. The Cows are September/October 2016 drop, and sired by the Black Magic blood Angus bull. They have got September/October drop calves at foot that are sired by the stud Polled Hereford bull Mawarra Oldfield HRPL216. These cows and calves are quality outfits that have been competing with ewes and lambs while running in steep hill country in South Gippsland. The vendor has only selected to use top genetics in his breeding operation. The temperament of these cattle are a credit to the vendor, they are well educated and have been running behind a single wire electric fence. This is a regretful sale and are only being sold due to the loss of a lease paddock. There is also another 4 x 4 heifers and calves being offered in the same sale from the same property.
