Assessor Comments	The Angus Angus Hereford X heifers and calves off Yera that are EU accredited. No expense has been spared when buying bulls and this is coming through in these cattle. It is a performance recorded herd with every cow needing to rear a calf and rejoin in a six week period. The worst performing cows that don't rear a decent calf are culled. All the hard work has been done for you here. Heifers calved out, calves marked and vaccinated and tagged to mothers ID. These would be an asset to any herd or a great start of a new one. Heifers are just starting to put weight back on after calving and coming out of a wet and cold winter. The calves are all fresh and sappy with plenty of bone and shape.
