Vaccinates			
Vendor Comments	ANNUAL SALE OF 2021 LAMBS, TOPS OF THE DROP, BIG TAIL REMOVED		
	Quality Grades Very Good 100%		
Assessor Comments	An Outstanding line of 1st X Western Breed Wether lambs. Lambs are bred out of Retallick Blood rams by Tawonga blood Merino ewes with plenty of frame and stretch. Presenting in an ideal store condition they are ready to move with a shear and presented onto ideal feed. Lambs are showing plenty of frame and length for age and will grow out to meet domestic or export weights with ease. Opportunity to secure a run of one mark, vendor breed well barrelled Wethers. Proven performers in the past. Buyers please note 2 lambs observed with black patches, a small percent of older lambs have been crutched and not all lambs have been treated with CRYOLAB. Vendor also has another lot of Ewe Lambs in same sale
