Assessor Comments	Excellent draft of fresh White Dorper sucker wethers lambs ready for a crop or a grain bin. The Wether lambs will be weaned onto the truck and represent the entire drop of wether lambs for this lambing period. These lambs present in fresh condition, they are thick, deep & meaty lambs that are sired by Benson White Dorper & Amarula White Dorper Rams. These lambs are the ideal article to background and fatten for a domestic or export kill as they have the genetic potential to perform.
