Assessor Comments	A great opportunity to purchase some very good quality F1 & F2 Aussie White Ewe lambs, direct account the breeder. Not full shedders at this stage, however with the continued use of quality Aussie White rams full shedders would be achieved in future generations. Presenting in forward condition, the majority of these ewes are ready for immediate joining. A portion of the younger ewes had access to Aussie White rams prior to weaning, none appear to be in lamb, vendor cannot guarantee all ewes are empty.
