Assessor Comments	A good run of Merino wether lambs in store condition. Freshly shorn, these wethers cut approxing \$80/hd three weeks ago. Ideal wethers to fatten, shear and trade or to retain as future wool cutters. Purchased out of the Bombala circuit sale out of the renowned 'Inglewood' flock. The mature Inglewood flock cut 6-7kgs of 18.5-19 micron wool. Presenting in store condition, these wethers had a tough run in the Monaro high country with several snow falls on them through winter. Just picking up since coming out of the wool, these wethers should power ahead on good feed, if given the opportunity. Please note: Odd lamb still healing up from shearing, anything still lame won't be loaded. There are also 4 longer horned wethers in mob (see photos).
