Assessor Comments	Nice line of June/July 21 drop wether lambs ideal to grow out for trade or as woolcutters.Last year they were finished on grain and achieved 27.6 kgs dressed weight.Odd lamb with some green dag. Observed a small percentage with a weepy eye due to seed,will endeavour to remove seed before delivery but will not guarantee all will be removed. The season has turned and the lambs have picked up seed ,so take that into your calculations.
