Assessor Comments	A good line of store Cashmore Park blood Nudie wether lms that are still young and mostly fresh that could be taken on to be well shaped heavy trade to export weight lambs. These lms are ideal if you have limited facilities. Lambs have been castrated but still have their tails. Starting to shed but won't be full clean shedders. These lms are weaned and set up to flourish and could be taken on for the late winter premiums.
