| Assessor Comments        | A great opportunity to secure the tops of the drop of the Rees families annual draft of merino wether lambs. These Rees family have focused on wool cutting ability on a big bodied free growing sheep. Given the right opportunities these wether lambs would make ideal wool cutters or grown out on stubble to killable weights in the autumn. These lambs averaged 25.8kgs full at assessment. *PLEASE NOTE THERE ARE SECONDS* |            |         |
