Assessor Comments	The JD Schultz wether lambs come with a proven history of performance. Previous buyers have all noted their doing & finishing ability. Genuine June/July 2021 drop, these lambs have time to either finish on spring feed to Domestic weights, or push on further to Export. They present in true to type fresh store condition, carry length body, shape & a clean healthy skin. Close to 50% of the line were weighed at assessment, with those handled ranging from 26-41kg. There are approx 6-8 lambs with long tails that have had rings put on them and are dry. There are a total of 700 Schultz lambs in this sale, which could / should help with the purchasers freight options either locally or interstate. Highly recommended store lambs.
