Assessor Comments	A good line of large frame Santa cows with calves at foot. Some cows did want to run about in the yards but have quietened considerably with handling over last 2 weeks. Calves at foot - 1 male, 7 female - 44 to 140 kg to average 86kg. 3 calves showing drier appearance and mothers don't have a lot of milk - bigger calves (see photos). 1 calf with swollen navel (photo attached). Cows have frame and bone to fatten to heavy cows. Cows have potential to be heavy cows when fattened. Note - vendor has PTIC sisters to these cows available this sale as well as another line of cows and calves.
