	Some cows do move quickly through gateways. Have had considerable work last 2 weeks and have quietened down considerably. Worked well when worked quietly through yards and crush.		
Handled With	Bikes		
Assessor Comments	A good line of Santa, Santa Cross mixed age cows. Preg tested in calf to Santa and Droughtmaster bulls. Large frame cows. Cows do want to run about in yards but have quietened considerably in last 2 weeks with handling. These cows would be ideal to calve out and fatten. Cows have the potential to fatten into good heavy cows. Please note vendor has sisters to these cows that have already calved out in this sale as well as another line of young cows and calves available. Vendor will give free delivery within 200klm radius in tick free district.
