Temperament	Yards Crush Paddock Quiet: 34 head Quiet: 33 head Temperament not assessed in

Slightly Stirry: 7 head

Slightly Stirry: 7 head
Stirry: 1 head

Paddock

Heifers worked well through home yards at assessment. Most heifers were quiet in race and crush while being preg tested and assessed. A small % of heifers became unsettled when confined and being preg tested but were quick to resettle once released back into mob. Please note: Vendor bred cattle that have never left this property and have only been worked in home yard generally by the vendor on his own.

Handled With

Bikes , Vehicles

Assessor Comments

****Complete herd dispersal**** 41 EU accredited Hereford cross heifers presenting in healthy forward store to forward prime condition that had a LWT range at assessment 420 - 650kg to average 559.8kg after an over night curfew. Heifers have been PTIC to a Remolea Poll Hereford bull 6 - 8 months. This is a great opportunity to purchase good quality heifers with generations of breeding behind them. Please note; Strict delivery dates as these heifer are late in their pregnancy. Heifers will be assessed at delivery and anything that is to close to calving will not be loaded. Small % of heifers with smalls lump on neck from vaccinations. 4 heifers with 1 blue eye. Temperament comments. Same vendor has multiple lots in this sale and the weaner and yearling sale.
