The heifers are exceptionally quiet in paddock but their flight zone needs to be respected in the yards.

Handled With	Bikes , Dogs , Low Stress Stock Handling© practices (TBA) , On foot , Vehicles
Assessor Comments	These heifers have been drafted on colour, type and temperament. These heifers showed Santa/Shorthorn/Brahman bloodlines. The heifers have been handled with low stress management practices and ran through the race well. One was treated for eye irritation, only just weeping if in doubt we will throw out at delivery (picture will be sent to purchaser for his choice). The heifers were easily handled at assessment with no aggression shown. On previous occasions when with balance of this herd fleetness of foot was an advantage. I do believe the rogues have been culled from this offering.
