Assessor Comments	Offering 12 X 12 cows and calves with cows presenting in a very forward condition with fantastic frame and style. Cows are only being offered because they are not in sync with the main breeding herds calving pattern. Cows are 4-7 years with all cows being mouthed at assessment to find young healthy mouths. Calves are 3-6 weeks old healthy calves that have not yet been marked. Ideal cows to match in to a breeding program or to make the most of great season and trade throughout the new year.
