Assessor Comments	An outstanding line of very well grown Angus heifers that were the top of their respective drop. Heifers are sired by Langi Kal Kal and Franc Blood bulls and are out of very well bred generally large framed angus cows, a percentage of which were bred on renowned Carngham Station. Heifers are PTIC to LBW Kyah Park Angus Bulls for a 9 week calving period commenting late February 2022 as genuine 2 year olds. 2 Heifers were noted to display white on their udders with one displaying a small patch of white on her naval. Please Note: Vendor has an additional lot of 24 in this sale with the same joining details
