Assessor Comments	Mixed age draft of PTIC Angus cows. PTIC to start calving mid December to Pathfinder Angus bulls and Minnamurra Speckle Park bulls. Mostly younger cows ranging from 2nd calvers to older mature cows. Young cows are still growing and hence present in light condition. All cows have previously raised calves and are in ideal condition for calving. One 5 year old cow has a dropped near side hip from an old injury, but has calved since and will be fit for calving this year. Small to medium frame cows with large weight range reflective of age split honest breeding females that don't meet future breeding program.
