Assessor Comments	Very good quality large frame proven breeding ewes suitable to join to Merino rams for high grade progeny replacements. What ever rams are chosen these ewes have the potential to breed well above average quality progeny. The ewes are long bodied, deep barrel and heavy bone, first class Merino matrons. Presenting in forward to fat condition & ideal to rejoin. A very small number have slightly longer overgrown toes from running on soft black soil country. 2 ewes with large udders included at half price. 1 ewe in the sample with one ear missing otherwise sound proven breeders certainly suitable to run on as breeding ewes. Also available in this sale are 340 similar age ewes in the same area to assist with freight options.
