| Assessor Comments | Outstanding Line of Quality 1st Cross Ewe lambs AUG-SEP drop 2021, NSM, May Shorn. Front Paddock Large Frame 1st Cross E/L that present in forward store/prime condition showing great depth and weight for age, which are able to be joined straight away to the intended purchasers ram of choice. Brian Perry has been breeding 1st Cross E/L since 1980 and the entire female drop are usually purchased by a local annual buyer but with the large lambing percentage last year these ewe lambs were the younger drop lambs which were pulled out of the top 660 in July 21. Rare Opportunity to purchase such great genetics that has never seen a market place before. The progeny that these ewe lambs create are usually sold within the Dubbo saleyards always topping the heavy lamb market with absolute monster 2nd cross lambs/suckers. Note: A minute percentage assessed showed little scurr, small black spots on nose/ears and 1x E/L showed 1 black patch on its leg not deemed detrimental. OPPORTUNITY KNOCKS. |
