Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	A very good line of Merino Ewes, ready to join to the ram of your choice. This year the Noan flock had 33% taken out at classing, with a further 26% tail taken out of this mob to even them right up. The vendor selects rams to add frame and size to flock, while producing bright white wool, with a deep defined crimp around 20 microns. Rams also selected for fertility, with 70% of the flock scanned in lamb to twins. in assessed Ewes, 6% had small Ewe horn. With the season drying off, would expect sheep to pick up a little more clover burr before delivery.
