Assessor Comments	A line of young ewes that is an absolute standout from the crowd, these ewes are a perfect representation of multi purpose females that can cut a power of wool or drop a lamb that can mix it with the best of the second crosses. Showing a mile of standup and stretch these ewes would be an ideal article to either start a self replacing flock or drop terminal lambs out of. *Prospective buyers please note vendors are also offering a line of 5.5 year old ewes in this sale and it gives purchasers a good opportunity to see what these ewes will grow into and possibly secure two age groups* Vendors spare no expense in the breeding of these ewes and I believe given the opportunity will perform very well for the purchaser, backed with 37 years of breeding these ewes come with the highest of recommendations.
