Assessor Comments	A very good quality line of genuine 5.5 year old ewes, medium to large framed, NSM, from the Hillside flock, classed annually by Ian Lilburne. These classed breeders have been productive mothers over the years, with pregnancy scanners regularly commenting that the majority of the Hillside ewes fall pregnant in the first cycle, and scanning is regularly at 115-120%. Small tail removed at assessment. Odd ewe with long toes. A good line of stretchy plain bodied ewes ready to join to the ram of choice.
