Assessor Comments	A rare opportunity to secure a line of 1.3-2.3 yr old ewes that are ready to join. These ewes present in forward condition with an instant rebate on there backs. All ewes are OJD vaccinated and have been tested and are between 20-22 micron with them predominantly being the bigger sheep and would suit a crossbred joining program perfectly. Ewes are mulsed, crutched and whigged with 8 months wool and could be shorn now or grown out until early next year if the successful purchaser wishes.
