Assessor Comments	An excellent opportunity to purchase a genuine full blooded line of Aussie White ewes with lambs at foot (3 ewes and 4 rams). All ewes are based on Tattykeel blood, with lambs being sired by Tattykeel and Seymour Park rams. The vendor has purchased the entire flock from a producer located near Timboon and due to these ewes lambing outside of the vendors desired dates, they are being sold. These ewes present in an excellent bill of health, with feet holding up extremely well given the wet conditions they have experienced during winter. I have no doubt these ewes and lambs would be the perfect inclusion to any Aussie White flock or starter flock, with the vendor being able to retain the ewe lambs out of the lambs at foot for breeding. Please note vendor has multiple other lines on offer in the lamb sale.
