Assessor Comments	This line of 393 M/J 2016 drop merino ewes that weaned 118% lambs in September are an ideal line to turn out and mate to ram of your choice. Ewes have done extremely well after shearing and are in great condition to turn out with the rams straight away. We mouthed the whole mob sound at assessment we also checked all udders with any faults pulled out so you can buy with confidence. Clarke's are offering another line of 140 in the same sale.
