Assessor Comments	2 decks of well bred young Santa X heifers that were pregnancy scanned 100% in calf on 15/11/21 by Shane Russell. (Non Vet contractor). They have been running with a Tycola Hereford Bull with 3.1 birth weight. They will go on to make great future breeders and are only being sold due to the sale of the property. The vendor also has one deck of Non - detectable heifers in the same sale, that might assist with trucking arrangements. Heifers weighed after 18 hour curfew. Majority of heifers are 14 to 15 months with approx. 5 12 months old.
