Assessor Comments	A quality line of 1 mark Angus Heifers and Calves that have been running back to the BIGWIG blood Speckle Park Bull for the last 4 weeks. These Rennyalea blood heifers all calved unassisted and are doing a great job on their calves. Presenting in store and forward store condition, all the hard work has been done with these heifers and they provide an excellent opportunity to either carry forward as future breeders or as a trade. Buyers please note there is one heifer with pink eye scaring (See Photos) which has been treated and one heifer with a slight blue eye, not deemed detrimental. There was also one calf with a weepy eye at assessment that has been treated. Calves have been marked.
