	These heifers handle well for their breed, one heifer felt pressured in the crush, but otherwise they all walked through well and were quiet in the yards.		
Handled With	Bikes , Horses , On foot , Vehicles		
Assessor Comments	A tidy line of 8 heifers and 9 calves that present in forward store condition and are ready to grow into a really good line of cattle. The calves are by a Big Snow Charolais bull and the heifers were purchased 12 months ago out of the Yass District. They present as medium to large frame and with time should grow into an outstanding line of vealer mothers. The calves were not marked due to the fact we didnt want to stress them prior to transport. One calf was knocked over by the mob coming into the yards and has been given 5ml penicillian to treat its sore front leg. Note: vendor has 18 Droughtmaster X cows and calves in this sale also.
