Assessor Comments	Good line of Angus & Angus Cross Cows PTIC to quality Hanworth (Onslow Blood) Bulls. Cows bought in lighter condition at the start of the year with calf at foot and have responded well on quality improved pasture and weaning of calves in August. 3 cows showing white on belly from Ultrablack influence, 2 white face baldies in lot. Cows Preg Tested 13th Aug. Vendor wanted to ensure cows were in calf straight after joining. Kept cows going forward with a magnificent spring. Approx 1/3 of cows showing blue scarring in eyes.
