Slightly Stirry: 2 head

Heifers flowed through the yards with ease. The odd Heifer got up on their toes in the yards and assessment process but nothing of an aggressive nature. Only a couple of Heifers stirred up slightly in the crush. Overall a quiet line of PTIC Heifers.

Assessor Comments Originally bred and purchased for a new Herd, but due to a change in operations, and very wet conditions these lines of Heifers and Calves have once again come up for sale. 20 Angus/Friesian x Heifers PTIC to Harris Farms Angus Bulls renowned for calving ease and weight gains, calving from 15th December onwards for 10 weeks. Calving as 2 1/2 year olds. Showing plenty of frame and maturity. These cattle are ideal young future breeders and are an excellent opportunity as heifers of this calibre are rarely offered for sale. They are very quiet natured and suitable for any job, a great suit to start your own herd. Please note Vendor has other consignments in this sale.
