Extremely quiet and well handled cows and calves, walked through the yards with no issue and all were happy to go into the crush and be assessed. Very easy to draft into selling lots and walked off their cages with ease for assessment.

Handled With Dogs , On foot , Vehicles

Assessor Comments A very easy assessment. Cows and Calves are extremely quiet and inquisitive. As Lowlines the breeding is of genuine quality, these cows are listed as commercial but are out of a Stud Herd originally. Would suit any job, due to their nature, from a small (hobby) farm to anyone looking to add some quality to an existing herd. Cows are mixed ages and are doing a fantastic job with the calves at foot. Cows have been treated with a 'Panacur100' Oral Drench and a 7in1 Vaccine (17/11/2021) which puts them in a meat and ESI withhold for 14 Days. Please note Vendor has other consignments in this Sale.
