Temperament Yards Crush Paddock

	Quiet: 18 head Slightly Stirry: 6 head Heifers were a bit nervous in the yards with several strange faces around. Nothing that caused any problems to handle and were quite settled back in the paddock. Bikes , Dogs	Quiet: 18 head Slightly Stirry: 6 head	Temperament not assessed in Paddock

Assessor Comments	The Middle draft of Heifers in the mob. A tail was removed from an original mob of 90 head with the remaining 69 drafted three ways and offered for your competition. Although they comprise several Breeder's marks they are even for size and type and present themselves very well. Nicely finished (as are the other two Lots) with freshness and bloom but not overdone. Ideal condition for calving down in my book. One Heifer noted with pinkeye scarring in One eye. Here is an opportunity to secure some good quality Heifers that have been joined for an early Autumn calving. Hop in now and beat the rush in the New Year when everybody is cashed up from the Weaner sales.
