Assessor Comments	A very good run of Friesian steers being offered in 3 runs of 18,17 & 17 in good strong condition suitable to grow onto heavy processing weights , steers are currently gaining 1.2-1.8kg per day & presenting in strong store condition . Steers are freshening up and growing well with the Spring flush of feed & show good weight for age. Vendor has multiple lots in this sale . These steers have had a good start and will continue to grow given the right conditions . An ideal opportunity to purchase cattle to put away at reasonable \$\$\$ per head rates . 5 steers with a red gene or Thrown to Red Factor. Great steers that will only improve in weight & price quickly .
