Assessor Comments	A line of store condition Friesian Friesian cross steers that have gone through a hard wet winter and are now gaining weight and condition on fresh spring pastures . Steers are approximately 50 % large frame 50% medium frame in light condition but on the move forward with fresh coats and would respond to the correct feed management . Steers would suit restockers to grow out to heavier weights Vendor bred and have had two 7in1 Vaccinations Vendor has other lots in this sale
