Assessor Comments	On offer is a lightweight line of heifers, heifers are mostly number 1s with 25 number 0s those heifers are calendar branded and are of very similar age. Heifers present in store condition due to the dry conditions but will power ahead on good feed. These heifers are ideal for backgrounding while they also have the quality to become future breeders. Heifers are located in clean country approximately 190km north east of Aramac. Heifers will need blooding if they are to go into ticky country.
