	Well educated, inquisitive & placid to handle with 18 fidgety or keen when in or leaving the the weigh box, settled down when reunited with the mob. The majority walked through and stood at the front of the crush and simply watched what was going on without walking away.

Assessor Comments	#1 & #0 Steers by very good quality Rondel Droughtmaster bulls from a great herd of large frame Droughtmaster & D/M cross cows. Steers showing great length, depth & bone structure, with plenty of frame to add weight. A pleasure to handle with a very quiet disposition, the steers are very calm & inquisitive. Good clean coated and developing a shine. Very tidy around the head with a large majority of polls . All good softer red , creamy and droughtmaster colours plus 4 Angus cross steers. 7 steers with slight brahman content showing moderate crest/hump - Very good quality. 1 steer with very minor ringworm (clearing).
