	Cattle work through the yards well. Odd heifer stirred under pressure in smaller yards and in the crush but settled once back in the mob.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , On foot , Vehicles		
Assessor Comments	A 2 x deck line of GQ Droughtmaster heifers that present in store to forward store condition and a best described as medium to large frame. Big compensatory gains to be had with these cattle with plenty of frame to fill. Heifers have been station preg tested empty on 22/11/21 with bulls running with heifers up until then. A rare opportunity buy a line of females from a great Droughtmaster herd. At assessment 1 x heifer noticed with a twisted nose. Buyers you can buy with confidence 100% mouthed at assessment and a big couple of days being mustered and in yards prior to assessment.
