Comment on Fat Score 1 Cattle	Most are score 1 steers and are fit to travel any distances.
Vendor Bred	Yes
Stock History	Bred mainly out of a very good herd of Santa, Santa/Hereford and odd Santa/Red Angus cow. Also odd steer out of cows purchased as part of a lease arrangement that are by Santa/Shorthorn Composite bulls out of cows with a touch of Charolais in them.
Lifetime Traceable	100% of cattle in this lot are Lifetime Traceable
Bloodlines	Santa bulls from Forrest Park (Blackall) and Drensmaine (Tambo) , Shorthorn bulls from Weebollabolla (Moree) and Santa/Shorthorn x bulls ex: Manchee.
Grazing Conditions	Running on developed Brigalow / Bottletree softwood scrub country with a good body of lush Buffel that has responded

very well from past 3 weeks of storm activity. Very dry before and were supplementary fed dry lick on the dry frosted Buffel grass.

Returned to: Large holding paddock with ample feed reserves to well and truly hold them.

	Slightly Stirry: 4 head	Slightly Stirry: 12 head	
	These were very good to handle in all aspects of the yards. They marched up the race very well and most were steady on the weighing platform, a few jumped about a bit. They were also good to handle in the bigger yards but like all cattle need to be steadied through gateways and stood up well during photographing. Buyer advised to settle these steers on arrival before letting them go out of the yards.		
Handled With	Bikes , Dogs , Horses		
Assessor Comments	Buyers, a very good quality line of steers from a repeat user of AuctionsPlus. These have presented in store condition at assessment, this is a result of the seasonal conditions that have been below average up until 3 weeks ago. Buyers need to understand they are NOT buying any condition, hard to do at present, so as a result I would anticipate rapid compensatory weight gains on grass or crop. They have plenty of eye appeal, show good bone, length, depth of barrel and considering the season show adequate weight for age. The photos will also show they are nice and soft. All the hard work has been done: well bred, well weaned, very quiet and ready to take onto heavier export feedlot entry weights or to grassfed MSA bullocks. These don't look to have suffered any setbacks at any stage and have grown out well. We have received excellent feedback from past buyers about their performance. The beef industry is flying so if you want to fill a paddock buy from the top shelf and consider these.
